ITALIAN RESOURCE LISTS—PRINT MATERIALS

All resources for this WACE course are recommendations only and are not exhaustive. Each school should decide on specific titles for their students in consultation with their school community and sector guidelines.

New resources will be added as they are identified.

The recommended resources are to be used to support teaching and learning only and not as a substitute for the syllabus; the syllabus is what is used to develop examination questions and all teaching should be directly linked to the syllabus.
